Hi All: I hope to join you for part of the meeting today. Let's include revision of the EPANET 2.2 Release Notes slides on the agenda. We need more detail on the new features. Also we should revise the slides so that they will be understandable by all EPANET stakeholders. Also, please discuss the readthedocs site. I'd like to get the UM posted by the end of the week, or if not, let's have a plan for getting it up there ASAP.
